Children Cry for Fletcher's
CASTORIA

The Kind You Have Always Bought has borne the signature of Chas. H. Fletcher on the wrapper for over 30 years just to protect the coming generations. Do not be deceived. All Counterfeits, Imitations and "Just-as-good" are but experiments that endanger the health of Children—Experience against Experiment.

Never attempt to relieve your baby with a remedy that you would use for yourself.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is gentle, laxative, and does not cramp. It cures Colic, Wind, Gas, Diarrhoea, allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

Bears the Signature of
Chas. H. Fletcher

The Times Free Information AND Resort Bureau

CORNER FIRST AND BROADWAY
In the accommodation and service of persons seeking information of travel, desirable hotels and resorts, and recreation and vacation in the mountains. Particulars are furnished by competent standards and by correspondence to the general public regarding rates and conditions of travel and resorting. It is the aim of the bureau to make the information available to the public in a convenient and accessible form. For the latest information, call on the Times Resort Bureau, 221 North Spring Street, Phone 1100, Automatic 10221.

Resorts

Let's Go Tomorrow on Southern California's Wonder Trip to San Diego

Miles along the coast—by rail or auto—through orange groves—past historic San Juan Capistrano mission—runs the beautiful road to San Diego.

It's a wonderful trip to a wonderful city. You will enjoy the fresh sea air—the glimpses of bay and ocean from nearly every street, the superb panoramas of ocean and mountains from Point Loma, the daily open-air pipe organ concert in Balboa Park—picturesque Old Mexico nearby—the 16 mile drive down Coronado toward the golf course, and the almost continual sunshine.

Hotel and apartment accommodations at San Diego are ample, modern and at reasonable rates. Bring your trunk and plan for a good time among the many interests and enjoyments at

Labor Board Declines to
Make Any Change

All Cases Up Are Disposed
of as Meeting

(BY A. F. NIGHT WIRE.)
CHICAGO, Feb. 5.—Preservation of existing wage rates and working conditions for train, yard and engine service employees on all the railroads of the country for another year was assured tonight by two decisions of the United States Railroad Labor Board.

In the first decision the board postponed further action in the case of seventeen railroads and nine subsidiary lines which sought reductions of wages and revision of working rules until "some date subsequent to Oct. 1, 1923."

A second decision also postponed for the same period action on cases submitted on a large number

OLDEST PIONEER IN COUNTY DIES

Was Last Veteran of Civil War in Vicinity of Placerville

(BY A. F. NIGHT WIRE.)
PLACERVILLE, Feb. 5.—The last Civil War veteran of El Dorado county, George Sommer, died here today at the age of 83 years. He was also the oldest pioneer in the county, coming to Placerville over half a century ago. He was a native of Germany. Funeral services will be conducted here tomorrow.

OTHER CASES PUT OFF

Other cases filed by the employees on a large number of roads making part for man while away from home because of the nature of their work, but not on duty, also were postponed until after next October.

In its first decision the board rejected the fact that 88 per cent of the railroads have already executed agreements with the employees which preserve for another year the wages and rules which have been in effect since July 1, 1921. In declining to take action at this time in the cases remaining before it, the board declared that it is "of the opinion that it would be a disturbing factor in the present railway labor situation under the circumstances above detailed to establish rates and conditions on a few roads for train, engine and yard service at variances with those prevailing in more than 88 per cent of the railway mileage of the country."

NOT TAKING STAND

"The board, however, declared: 'The action taken here must not be construed in any manner or degree to indicate its position on these or other upon the merits of the questions at issue, or in any sense as an invitation to other carriers to join in these disputes.'"

Under a provision of the act for the present of all cases before it involving the wages or rules of the employees represented by the Big Four labor unions, the board declared that it is "of the opinion that it would be a disturbing factor in the present railway labor situation under the circumstances above detailed to establish rates and conditions on a few roads for train, engine and yard service at variances with those prevailing in more than 88 per cent of the railway mileage of the country."

THE BOARD, HOWEVER, DECLARED:

"The action taken here must not be construed in any manner or degree to indicate its position on these or other upon the merits of the questions at issue, or in any sense as an invitation to other carriers to join in these disputes."

REDS FIND NO SOLACE IN MEXICO

Banner of Bolsheviks
Hissed by 'Populace' at
Bull Fight in Capital

(REUTERS DISPATCH.)
MEXICO CITY, Feb. 5.—The attitude of the general public of Mexico toward Bolshevism was clearly demonstrated when the red and black banner was hoisted out of the bull ring by the populists.

The Mexican radicals, apparently not wishing to go to the extremes of the Russian soviet, modified the red banner by placing a black stripe across it. During a bull fight in this city a small number of men appeared with red and black flags and banners, shouting that they intended to take up a collection for the benefit of the families of the radicals in the recent disturbances in this city.

Unhappy to their amusement, however, the public, on learning the object, immediately began to hiss and whistle until they were told to cease. A red and black banner was hoisted out of the bull ring by the populists. During a bull fight in this city a small number of men appeared with red and black flags and banners, shouting that they intended to take up a collection for the benefit of the families of the radicals in the recent disturbances in this city.

THREE ACCUSED OF NEUTRAL
LAW VIOLATION FAIL
TO APPEAR

(BY A. F. NIGHT WIRE.)
EL PASO, Feb. 5.—Three out of four accused of being charged with violation of neutrality laws in connection with military expedition into Mexico last February failed to appear in Federal Court here today and their bonds were ordered forfeited by Judge W. H. Smith.

Gen. Juan Merino, accused to have been second in command of the expedition; Carlos Rodriguez, said to be the chief of the expedition; and Gen. Merino's brother, Gen. Merino, were the three who failed to appear. The fourth, Gen. Merino, was arrested on Feb. 5 and is said to be in Mexico City.

The four who appeared and entered a formal plea of not guilty to the charges were Gen. Merino, Gen. Merino, and Gen. Merino. The fourth, Gen. Merino, was arrested on Feb. 5 and is said to be in Mexico City.

ARIZONA NEAR VOTE ON PACT

River Project to be Ratified
by House, Belief

Attitude of Senate is in
Doubt, However

Senator Seeks Investigation
of Pardon Board

(REUTERS DISPATCH.)
WASHINGTON, Feb. 5.—The bill ratifying the Colorado River project agreement between the interested States was signed today by the Governor of Wyoming, according to a statement given out by Secretary Hoover of the Commerce Department.

The signature of the New Mexico executive is expected tomorrow. Colorado and Arizona are the only two States which have not taken action. California has ratified but the pact awaits Gov. Richardson's signature.

**CONFERENCE TO MEET
IN PLENARY SESSION**

CENTRAL AMERICAN ENVOYS
WILL SIGN TREATY
AGREED UPON

(BY A. F. NIGHT WIRE.)
WASHINGTON, Feb. 5.—The Central American Conference, which was assembled here December 1 and last under the presidency of Secretary Hughes, completed its work today and will meet in plenary session Wednesday to approve formally and sign the treaty and conventions agreed upon.

The revision of the 1907 treaties has been completed, modifications regarded as necessary having been adopted to make more effective the provisions for preventing international disputes. The Central American Court of Arbitration of Chicago has been replaced by a court of arbitration among the five Central American republics by which all differences arising among them shall be submitted to a court formed in a manner similar to that of the Hague Tribunal of Arbitration.

The other conventions provide for free trade, extradition, consular relations, and the establishment of Central American pedagogical institutions and of a Central American Agricultural College.

PAROLE INQUIRY SOUGHT

The House has received from its committee a report on the investigation conducted by the House and the Governor now in progress of the case of the man known as the "Water Commissioner."

The afternoon in the House was given over to another hearing, when H. B. Hovland of Idaho and J. C. Dobbin of Phoenix spoke against the case. In the Senate Mr. Charles McNamara of California has a small majority for ratification, but the Senate is much in doubt.

NEWS OF SOUTHERN CALIFORNIA

RIVERSIDE OUT AFTER RECORD

Building Furnish Average 963 Per Capita In That City

(EXCLUSIVE DISPATCH.)
RIVERSIDE, Feb. 5.—Riverside is in the vanguard. During 1922, when the nation hit off a total of \$4,000,000,000 in building construction, or an average per capita of \$28.84 based upon a population of 110,000,000, Riverside with more than \$1,400,000 of building, was establishing a pace of \$88 per capita of population, or about double the nation's progress. And the nation was admittedly doing well.

ACCIDENT IS VERDICT IN DEATH CASE

Autopsy Plans Canceled for Long Beach Couple Found Dead in Room

By a "Times" Staff Correspondent
LONG BEACH, Feb. 5.—The police dropped all idea today that the deaths of Mrs. Grant, 40, and her husband, Mr. Grant, 42, who were found dead in a room at the Hotel Coronado, Jan. 24, were the result of a poisoning. The couple, who were married Jan. 24, were found in a room filled with the fumes from a burning gas heater. The police, after a thorough investigation, concluded that the deaths were the result of an accident. The couple had been in the room for several days, and the gas heater had been burning continuously. The police are now conducting an investigation into the cause of the accident.

LONG BEACH READY FOR CIVIL WAR

Redistricting of County Leads to Formation of Secession Committee

By a "Times" Staff Correspondent
LONG BEACH, Feb. 5.—The Long Beach secession committee, which was organized last week, today announced that it was ready to take any action necessary to secure the city's independence from the county. The committee, which is headed by Mayor W. H. W. Smith, has been working on a plan to secede from the county. The plan calls for the city to hold a referendum on the issue. If the city votes in favor of secession, it will become an independent municipality. The committee is now working on a petition to be presented to the county board of supervisors.

MOOSE LODGE FORMING

(LOCAL CORRESPONDENCE.)
SANTA ANA, Feb. 5.—Plans are under way to form a Moose lodge here and the plan promises success. The lodge will be located in the city center. The plan is to have a large hall with a stage and a bar. The lodge will be open to all Moose members. The plan is to have a large hall with a stage and a bar. The lodge will be open to all Moose members.

LUNCHROOM RAIDED

By a "Times" Staff Correspondent
VENICE, Feb. 5.—A squad of police today raided the lunchroom and automobile parking station operated by Fred King on Mildred avenue. King was arrested on charges of illegal possession of liquor. Several gallons of "moonshine" were found beneath the counter of the lunchroom.

NEW GRAND JURY MEETS

(EXCLUSIVE DISPATCH.)
EL CENTRO, Feb. 5.—A N. E. grand jury met today for the first time. The jury was organized by Judge R. H. Grist. The jury will hear cases throughout the county.

PRESIDENT MAY VISIT FULLERTON

Harding Writes He Will Honor City if He Makes Coast Trip as Planned

(LOCAL CORRESPONDENCE.)
FULLERTON, Feb. 5.—Assurance by President Harding that in the event he is able to arrange for a Pacific Coast trip this summer in connection with the celebration of the signing of the Monroe Doctrine in Los Angeles, that Fullerton would be included in the itinerary, was contained in a letter from the President today to E. A. Beard, manager of the Fullerton office of the Pacific Telephone and Telegraph Company and a cousin of the President.

Real Harvest of Oranges at Redlands Begun

(LOCAL CORRESPONDENCE.)
REDLANDS, Feb. 5.—The orange groves and packing houses of Redlands will be busy places this week for the heaviest picking of the season. The harvest of the season is now under way and the shipment of fruit will be correspondingly heavy. The groves are now in full bearing and the fruit is of excellent quality. The packing houses are now open for business and the fruit is being packed for shipment.

BANK GROWTH RAPID

Open Less than Month, Branch Is Announced
By a "Times" Staff Correspondent
SANTA MONICA, Feb. 5.—After having been in business less than one month, the Citizens State Bank of this city is planning to expand, according to an announcement today. A branch will be opened in the Ocean Park section of the city as soon as the new building at Hill and Main streets is completed.

SANTA MONICA HURT IN AUTO COLLISION

By a "Times" Staff Correspondent
SANTA MONICA, Feb. 5.—Walter F. Johnson of Twin Pines, Ocean avenue, was seriously injured today when the automobile he was driving collided with an automobile owned by Sam Morrison of 325 Fifth street. Johnson was hurled twenty-five feet from his car by the force of the impact. He was taken to the hospital and is now in a critical condition. The cause of the collision is being investigated by the police.

NEW BUILDINGS FOR MEXICALI PLANNED

(EXCLUSIVE DISPATCH.)
MEXICALI, Feb. 5.—Plans have been drawn up on the authorization of the Federal and municipal authorities here and bids are about to be let for the construction of an \$80,000 schoolhouse and a \$50,000 theater for Mexicali. Both buildings will be modern and comfortable in every respect and will mark an important step in the building up and beautifying of this city. The building program here is started by Gov. Joseph Innocente Lugo is directed at ridding the city of shacks and squalor.

CHAMBER TO MEET

(LOCAL CORRESPONDENCE.)
GLENDALE, Feb. 5.—The annual meeting of the Chamber of Commerce will be tomorrow night in the banquet hall of the Citizen's Building. A turkey dinner will be served for the members. The meeting will be held at 8 o'clock. The Chamber is planning to have a large hall with a stage and a bar. The lodge will be open to all Moose members.

PAVING IS ORDERED

By a "Times" Staff Correspondent
SANTA MONICA, Feb. 5.—The city has ordered paving of the highway to the coast travel. The paving will be done by the city. The paving will be done by the city. The paving will be done by the city.

CAR TRAFFIC CLOGS ROAD TO CANYON

Control Plan Sought as Motorists Rush to Scene of Heavy Snowfall

(LOCAL CORRESPONDENCE.)
ONTARIO, Feb. 5.—Traffic on the San Antonio Canyon Road was being strongly urged today as a result of the congestion and scores of minor accidents which followed the attempt yesterday of thousands of Southern California motorists, lured there by the recent heavy snowfall, to visit Camp Baldy and other resorts in the upper reaches of the canyon. It was estimated today that fully 2500 motor cars visited the canyon yesterday and almost as many more were expected to visit today. The road was being strongly urged today as a result of the congestion and scores of minor accidents which followed the attempt yesterday of thousands of Southern California motorists, lured there by the recent heavy snowfall, to visit Camp Baldy and other resorts in the upper reaches of the canyon.

Bootleg Liquor Strikes Mexican in Fistic Manner

(LOCAL CORRESPONDENCE.)
ORANGE, Feb. 5.—Pablo and G. Irlo, Mexicans, were in the County Jail today because one is asserted to have liquor, while the other consumed it. The liquor was so powerful that Irlo, officers claim, elected to fight everybody in the room. A lively time was had by all until Irlo, fighting after other, was finally taken to the hospital. The cause of the fight is being investigated by the police.

FIRE STIRS TOWN

Santa Ana Demanding Improvements and More Men

(LOCAL CORRESPONDENCE.)
SANTA ANA, Feb. 5.—A rigid inspection of all fire fighting apparatus, especially hydrants scattered about the city, was under way here today, and agitation had been started for additional equipment and men for the department following a blaze yesterday afternoon that destroyed the large house at 225 French street, recently used as an apartment house under the management of F. O. Linde.

TIJUANA POLICEMAN SLAIN

Mexican Officials Save Negro from Lynching; Speedy Trial Promised; Town in Uproar

(EXCLUSIVE DISPATCH.)
SAN DIEGO, Feb. 5.—Chester Carleton, a negro, charged with the murder of George Monteverde, a Tijuana policeman, will be given an immediate trial and if found guilty, will be summarily executed, according to word received here early this afternoon. Mexican officials saved the negro from possible lynching last night and again this morning, when an angry crowd of Monteverde's friends besieged the court. The authorities declared they have the situation well in hand and that Carleton will be given a speedy but fair trial.

CHILD BADLY BURNED

(LOCAL CORRESPONDENCE.)
POMONA, Feb. 4.—Antonette Studler, 9 years of age, was seriously burned this afternoon when her clothing became ignited from a gas range, on which she was cooking dinner for her sick mother, Mrs. A. S. Studler, 445 South Main street. The child was rushed to the Pomona Valley Hospital where it was found that she was suffering from deep burns. Her recovery is doubtful.

NABBED WITH LIQUOR

(LOCAL CORRESPONDENCE.)
POMONA, Feb. 5.—Orrville Renfro and J. C. Walker were arrested and confined in the City Jail today when liquor was found in their possession. Walker was charged with transporting intoxicating liquor in his auto but says he gave it a lift and was not aware of the fact that he was carrying liquor. Both were released on bail late today.

DESTROYER SQUADRONS WILL SAIL

Arrangements Are Completed for Their Departure to Central America

(EXCLUSIVE DISPATCH.)
SAN DIEGO, Feb. 5.—Forming the vanguard of the vessels of the Pacific Fleet that will take part in the important series of strategic and tactical maneuvers scheduled for the combined first line fighting ships of the American Navy, seven destroyers and auxiliaries will steam out of San Diego Harbor tomorrow morning for Central America waters, where the maneuvers will take place. The destroyers will be followed Thursday morning by the battleships and auxiliaries of the Pacific Fleet. It was understood here today that the "mosquito" fleet will proceed to Magdalena Bay and thence to the Gulf of Mexico. Of the ships leaving this port, the hospital steamer Mercy and the repair steamer Vestal will not return. Admiral Cagney, commander of the fleet, will be accompanied by the last two years, will be transferred to the new command. The destroyers will be followed Thursday morning by the battleships and auxiliaries of the Pacific Fleet. It was understood here today that the "mosquito" fleet will proceed to Magdalena Bay and thence to the Gulf of Mexico.

Santa Ana Man Latest Victim of Rabid Dog

(LOCAL CORRESPONDENCE.)
SANTA ANA, Feb. 5.—Frank Deshler, 364 North Pacific avenue, is the latest Orange county resident to be bitten by a stray dog. Deshler was bitten on the leg by a rabid dog. The dog was later shot and killed. Deshler is now in the hospital. The cause of the bite is being investigated by the police.

SERVICES AT RANCH

E. S. Thatcher of Ventura County Is Laid to Rest
(EXCLUSIVE DISPATCH.)
VENTURA, Feb. 5.—Funeral services were conducted today for E. S. Thatcher at his ranch home at Ojai. Mr. Thatcher was 71 years of age. He was born in New Haven, Ct. Mr. Thatcher's father was Thomas A. Thatcher, professor of Latin at Yale, and his mother, Elizabeth Day, daughter of Jeremiah Day, former president of Yale.

VETERAN SUCCEUMS

John Reed, of Monrovia Found Dead in His Bedroom
(LOCAL CORRESPONDENCE.)
MONROVIA, Feb. 5.—John Reed, a well-to-do veteran of the Civil War, was found dead today in the bedroom of his home at 215 West Lemon street. He was 70 years of age. The cause of death is being investigated by the police.

FORMER MAYOR OUT FOR POSTMASTERSHIP

By a "Times" Staff Correspondent
SANTA MONICA, Feb. 5.—Reverend H. Dow, former Mayor and Councilman of this city, this morning became a candidate for appointment as postmaster of Santa Monica. George R. Crane, a leading member of the Santa Monica Republican Club, who had the endorsement of the club for the position, was defeated. Dow is a well-known figure in the community.

GUSHER RUMORS AT ORANGE ARE DENIED

(LOCAL CORRESPONDENCE.)
ORANGE, Feb. 5.—Wild rumors to the effect that the National Security Company's wildcat well near the Orange County Park had come in as a 500-barrel gusher were denied today by drilling officials. The well is being drilled by a company headed by W. B. Stephens, Los Angeles. It is down 4610 feet and the drill, penetrating sandy shale, is making about 100 feet a month.

TWO CAPTURED IN HOT CHASE

One Assorted Bandit in Jail, Other in Hospital

Are Caught in Flight From Scene of Hold-up

Officers Nab Them as Car Upsets at Sharp Turn
(EXCLUSIVE DISPATCH.)
BAKERSFIELD, Feb. 5.—Herbert Dodge, charged with being an accomplice in the hold-up of the Gateway Service Station, early Saturday morning, is lodged in the County Jail. His companion, Roy Colberg, is in a Los Angeles hospital with his leg broken in two places. The two men were caught in a hot chase after a hold-up at the Gateway Service Station. The car they were driving overturned at a sharp turn. The men were taken to the hospital and the car was towed away.

Electric Spark Starts Blaze in Cleaning Plant

(LOCAL CORRESPONDENCE.)
HUNTINGTON PARK, Feb. 5.—State electricity caused a destructive fire this morning in the drying and cleaning establishment owned by W. N. Dixon at 1440 South Pacific boulevard, in which the small concrete structure in the rear of the establishment, was damaged while the cleaning apparatus was almost entirely destroyed. The damage amounted to between \$1500 and \$2000, it was estimated. This does not include the value of the clothing which was in the large drying wheel.

THE MAGIC TRANSITION

THE STORY of electrical progress from the tallow dip to the Mazda light; the primitive schooner to the electric locomotive; the pony express to the radio telephone; the old back-breaking broom to the vacuum cleaner; the smoky wood-fire to electric heating and cooking—is nothing short of magic.

This transition was made possible only by the thousands of investors in securities of the electrical industries.

For your safe conservative investment, we recommend WESTERN STATES GAS AND ELECTRIC COMPANY 15 YEAR 5% GOLD NOTES.

Write your name in the white space and mail to us for full descriptive details.

NEW YORK STOCK EXCHANGE

(BY A. P. MORT WIRE)

NEW YORK, Feb. 6. — Prices moved to higher ground in today's stock market, in seeming indifference to the news of the Lausanne conference. The average of twenty industrial and twenty railroad stocks at the close of the market were at new peak levels for the year.

Considerable importance was attached by traders to the fact that prices of stocks had emerged from the narrow trading area in which they have been fluctuating for about fifty business days. Heavy buying at the close was based, in part, on the fact that prices had broken out of the trading area on the upside, which was regarded in some quarters as barometric of the course of prices in the near future.

Speculators for the decline, acting on the theory that the unfavorable news from Lausanne warranted a reaction, observed the standard industrials freely at the opening, but they encountered good resistance and finally abandoned their operations on the short side when the demand for rail shares assumed large proportions. Early losses were generally recovered, and a few of the leaders touched new highs on the movement. Trading slackened somewhat on the rally, but became livelier toward the close on the circulation of reports that hope was still held at Lausanne that a satisfactory agreement would be reached. Announcements of higher iron pipe and gasoline prices had a favorable effect on sentiment.

Revised activity of railroad shares was ascribed to the operations of large traders, who previously have been devoting most of their energies to the industrial group. Baltimore and Ohio was one of the leaders, touching \$2 1/2 for a net gain of 3/4 on transactions totaling approximately \$5,000 shares. Gains of 2 or more points were recorded by Chicago and Northwestern, Atlantic Coast, Chicago Great Western preferred and Jersey Central, the last named jumping 30 points to 230.

Publication in the financial district of an optimistic resume of business conditions by Chairman Gary of the United States Steel Corporation induced some buying of steel shares. Crucible gained 1 1/2, and the others fractionally. Equipments benefited by the upward trend in rails, American Car rising 3 points, and American and Baldwin locomotives large fractions. Some of the other individual strong spots were Stewart-Warner Speedometer, Mack Truck, Corn Products, United Retail Stores, United Fruit, Postum Cereal and Pressed Steel Car all up 1 1/4 to 2 points.

Call money held at 4 1/2 per cent throughout the day. Time money was firmer with brokers' arrangements willing to pay 4 1/2 per cent for all but the shortest maturities, but the volume of business was comparatively small.

Out-of-town bankers were the principal takers of commercial paper, the bulk of the best names still commanding 4 1/2 per cent, with little business done below that figure.

Foreign exchange opened easier, in response to the unsettledness caused in the London market by the Lausanne dispatches, but they made good recovery later and final quotations were, as a rule, slightly above those of Saturday. Demand starting was quoted around \$4.61 1/2 and French francs around 6.65 cents.

The day's total sales were 1,017,300 shares. Twenty industrials averaged 100.09; net gain, .70; high, 123.10, low, 98.34. Twenty railroads averaged 118.08; net gain, .74; high, 123.08; low, 94.63.

team work

"It is not the great or important, or the money that they pay. It is the close co-operation that makes them win the day. It is not the individual, or the group as a whole, but the 'teamwork' (teamwork of every business) that counts."

—Madison Kipling.

ONE other, at least poetically, among modern writers gauges human emotion with the dynamic force of Kipling. He knows that teamwork, or co-operation, is the major motive of business progress.

It is, and always will be, the basic policy of the Federal Discount Corporation to unite its efforts with all of its shareholders in the things that make for common prosperity.

In the selection of your investment teamwork should be a most important factor. It will assure you safety of principal, marketability and substantial profits. Write today for the details why Federal Discount Corporation shares are a safe investment.

LOS ANGELES EXCHANGE

Tom Reed, with a sharp rise of 12 cents to 1.29, and gains in Globe Petroleum and United Oil were the notable developments yesterday on the Los Angeles Stock Exchange. Tom Reed opened up strong under keen competitive bidding on the renewal of favorable news concerning the progress of development work. Quotations jumped to a high for the day at 1.29, but profit-taking at the close brought the final price down to 1.27, a net advance of 16 cents over the previous session.

Globe Petroleum activity was inspired by the completion of a 2000-barrel well Sunday in the Huntington Beach field. The stock moved to 26 cents, but reacted to a close of 25.5 cents. United Oil gained 3 cents on a closing price of 1.15 and Republic dropped the same amount, ending the day at 84 cents. U. S. Royalties was unchanged at 7 1/2 cents, and General Petroleum continued its upward trend, closing at 24 1/2, up 1/2 of a point.

Telluride moved up 1/2 cent to 37 1/2 and Occident United acquired the same amount at 14 1/2. Gold Dust dropped 1 cent at 14 and United was firm at 8 1/2 cents. Increased 1 1/2 cents on a final price of 1.35 and Southern California Edison common was unchanged at 164.

JEWIS AGAIN TAKES OVER PALOS VERDES PROJECT

Title Insurance & Trust Company Withdraws; Sensational New Turn Is Made Public

The Palos Verdes project through which it is proposed to reclaim 16,000 acres along a twenty-six-mile shore line and turn it into a model seaside metropolis at a cost of \$35,000,000 was given a new and sensational turn at a meeting of stockholders which practically filled Trinity Auditorium last evening.

In a word, it became known that the Title Insurance & Trust Company is no longer backing the scheme; that it will be again taken over by its original promoter, E. G. Lewis, whose withdrawal was announced some time ago; that a new trust company has been formed to carry out the project as originally planned; that many subscribers to the Palos Verdes notes have indicated their willingness to transfer their interests to the new concern; that, according to Mr. Lewis, the Vanderlip syndicate, owner of the property, has agreed to sell the property in part, at a pro rata price per acre, and that the option held by the Title Insurance & Trust Company will not be exercised by it but will be turned back to the Lewis interests.

Sensation followed sensation as the promoter, E. G. Lewis, addressed an audience which appeared to be made up of representatives of the press and the public, every occasion to proclaim their faith in the project and its success.

WHAT HAPPENED
Reduced to chronological order, this is what happened last night. Mr. Lewis charged that the Title Insurance and Trust Company had withdrawn from the trust agreement, less than 100 had seen fit to do. He alleged in more or less spectacular terms that the title company is inimical to the project.

He announced the organization of a new holding organization, the Palos Verdes Company, which would take over the project, and that the Title Insurance and Trust Company would be turned back to the Lewis interests.

LONG SEARCH IS OVER NOW

Man Wanted in East Taken
in Venture
Had Lived Here With Wife
and Children

A six-month search for Austin H. Montgomery, Jr., one of ten men indicted in New York on charges of defrauding investors by a "blind pool" operation, ended yesterday at 2 a. m. when Postoffice Inspector Walter Grant and Deputy Sheriff Robert Lee Couts captured the wanted man at Ventura after a hot pursuit.

After his indictment Montgomery was asserted to have disappeared with \$650,000. His father, who was held in the same case, has been released on \$10,000 bond, according to dispatches from New York.

"I'll make a clean breast of my connection with this affair," Montgomery is asserted to have stated after his arrest yesterday. After his arraignment before U. S. Commissioner Long he asked to be sent back to New York immediately. An order was issued in U. S. District Judge Tripp's court for his return, and bond fixed at \$100,000.

Cupid's Dart Hits Glancing Blow

YOUNG WIFE FOUND DEAD BY HUSBAND

Mystery Surrounds Death
of Bride, Apparently by
Poison

By a "Times" Staff Correspondent
PASADENA, Feb. 5.—Mrs. Mildred Horner, 20 years of age, was found dead today by her husband, Elwood Horner, carpenter, when he returned at 5 p. m. to their home at 111 Waverly Drive.

An element of mystery surrounds the death. Mrs. Horner is believed to have died from poison of some sort, but the cause of her death will not be known until an autopsy has been performed. There was no note left to indicate self-destruction, and no motive for the young woman's suicide is known.

City Dr. F. W. Hodgdon, who was summoned by the police, found a quantity of white powder in the kitchen, which is now being analyzed.

The Horners have been married since September, last, and have lived at the Waverly Drive address for the last two months. Neighbors knew nothing about them. Mr. Horner left last night to communicate with relatives, according to the police, and efforts to get in touch with him failed.

A woman living near by, whose name was not given, told the police that she went to see Mrs. Horner at about 2:30 p. m. but, feeling Mrs. Horner apparently asleep on a couch, tipped away.

The police are conducting an investigation, and an inquest will be held tomorrow or Wednesday.

OFFICER SAILS WITHOUT BRIDE

Mencher-McNamee Nuptials
Are Postponed
Change in Plans Is Kept
Dark Secret

Lieut. Barrow Mencher, cavalry, U. S. A., aide de camp to his father, Maj.-Gen. Charles T. Mencher, commanding officer at Schofield Barracks, Hawaii, is going back to the island at Lihou, leaving a bachelor instead of as a bridegroom with Miss Lucille McNamee as his bride.

The lieutenant, a West Pointer, arrived last Saturday. The wedding was set for today. It was to be a private affair with only relatives attending the function which was to be held at the McNamee residence at 1708 Fifth avenue. Now the young cavalryman is in the Bay City awaiting a transport. As the result of a short and private talk with Miss McNamee's father, Frank R. McNamee, general attorney for the Union Pacific system of railways, the nuptials have been indefinitely postponed, Mr. McNamee says.

FIVE MILLIONS FOR EDUCATION

Princely Gift to California
Institute of Technology
Donor, A. H. Fleming, Urges
Realization of Ideals

A further gift to the California Institute of Technology of \$4,250,000, made by Arthur H. Fleming, president of the board of trustees, was announced yesterday by Dr. Robert A. Millikan, executive head of the institute.

Fleming's gift to the institution is more than \$5,000,000. The gift is in the form of real property and securities said to have been appraised very conservatively, and is to be kept intact as a perpetual trust. The income is to be known as the "Clara H. Fleming Fund," and is to be used for scientific and research purposes under the direction of a trustees. By the terms of a contract agreement, the trustees are vested with the utmost freedom of control of the fund, in order to meet any conditions which the future may change.

The exact total value of the properties transferred to the institute by Mr. Fleming yesterday is \$4,250,722.75, but those conversant with financial matters declare that an ordinary appraisal of the transferred properties would fix their value at a much higher figure.

Men prominent in the field of education and civic declared yesterday that Mr. Fleming's gift marks a new and long step in the development of Los Angeles as a cultural and scientific center. They pointed out that the value of gifts such as the Huntington Library and the Clara H. Fleming Fund have been a source of inspiration and will the value of these splendid gifts be apparent.

LEY FIGHT TO COURTS

Accused School Head Seeks Writ of Prohibition on Board Members

The County Board of Education into the charges of Ernest J. Lickley, Assistant Superintendent of Schools, brought to an abrupt end yesterday afternoon, when the board voted to discontinue the charges which will be aired in a legal wrangle.

The board's action was taken after a hearing on the charges against the education official, which were brought by the board of trustees of the Los Angeles County Normal School.

At the hearing, Lickley was represented by Dr. J. H. Kappal, president of the board of trustees, and by Mr. J. H. Kappal, president of the board of trustees, and by Mr. J. H. Kappal, president of the board of trustees.

BATTLE FEET 'DEMOLISHED'

Theoretically Sky Dreadnaughts Reduce Vessels to
Smoking, Twisted Hulks

A great air fleet swept in from behind the banks of base that hung on the horizon south of the United States battle fleet at Los Angeles Harbor yesterday. An hour after the attack was opened, according to umpires, five of the great dreadnaughts were smoking hulks of twisted steel victims of the torpedoes and bombs of the giant Davis-Douglas torpedo planes.

After the spectacular exercises the entire armada of the air swept in formation over the flagship California, reviewed by Admiral Edward W. Eberle and his staff from the quarterdeck of the superdreadnaught. There were thirty-six planes in the action and the air was full of them, friend and enemy to the fleet at anchor below.

Many Friends at Last Rites for Mrs. Faris

Scores of friends yesterday attended the funeral services for Mrs. Alice Hynes Faris, wife of W. A. Faris of the Fifth Street Store, at St. Brendan's Church, Rev. Ford of Los Angeles officiating. Interment was made in Hollywood Mausoleum.

Many beautiful floral tributes from men and women prominent in the business and social life of Los Angeles attested to the high esteem in which Mrs. Faris was held. She leaves her husband, Mrs. P. B. Hynes, her mother, Mrs. M. D. O'Hara, Miss Edith Hynes of this city and Mrs. Harry E. Barrows of Wisconsin, her sisters, and Herbert Hynes of Chicago, her brother. Mrs. Barrows made a hurried trip from Chicago and arrived in this city Sunday to attend the services.

Identity of Man Killed by Car Is Established

The body of a man killed by a Pacific Electric car inbound from San Pedro at Iona Station early yesterday morning, was identified last night as that of D. C. Necha, 74 San Pedro street. An inquest has been set for this morning at the Hill & Hill undertaking rooms, 134 Rosalia avenue. According to witnesses, Mr. Necha was alighted from one car, and stepped on the track in front of a car coming in the opposite direction. Death was instantaneous. He leaves his widow.

AWAITS SENTENCE ON SHOPLIFTING CHARGE

Mrs. Alma McCarthy, giving 1453 Rialto street as her address, yesterday pleaded guilty to shoplifting before Police Judge Frederickson. Sentence was imposed tomorrow. Bail of \$100 was set. Mrs. McCarthy provided this amount and was released. Operatives of the Retail Dry Goods Merchants' Association caught her at Ham-burger's.

NEW TRAFFIC LAW FAVORED

A change in the traffic ordinance prohibiting left turns into alleys in the congested portions of the city was recommended yesterday by the public-safety committee of the City Council.

Complaints that trucks and other automobiles blocked and slowed traffic by making left-hand turns into alleys caused the recommendation, which the City Council is expected to act on this morning.

NEW BUS LINE IS SOUGHT

Two Electric Railways Ask Permit to Operate Lines
Within City of Los Angeles

The Los Angeles Motor Bus Company has been organized by the Pacific Electric Railway Company and the Los Angeles Motor Bus Company for the purpose of installing a bus service for the transportation of passengers within Los Angeles.

Application was filed yesterday with the Board of Public Utilities by the Los Angeles Motor Bus Company for a permit to operate bus service between Hollywood Boulevard and Santa Barbara Boulevard on Western avenue. The service will be ten minutes during the rush hours and fifteen minutes at other hours of the day, commencing at 6 a. m. and operating until midnight, with the provision that more frequent service is to be operated to meet requirements of travel.

The fare will be 10 cents and free transfers will be issued between buses and cars of the Los Angeles Motor Bus and the Pacific Electric Railway to all lines crossing Western avenue.

Four lines of the Pacific Electric Railway and six lines of the Los Angeles Motor Bus will operate within the local fare limits of Los Angeles, and eastward to the heart of the business district of Los Angeles, which is the heart of the business district of Los Angeles.

PLANE ATTACK

It was the busiest day the anti-aircraft guns of the dreadnaughts have seen. Huge "20's" with torpedoes dangling beneath their fuselages, were swooping in from low altitudes in the highest attack the De Havilland spotting planes thundered by; while away up in the blue a host of tiny zeros watched the scene and then came dropping down out of the clouds like scorching arrows in the sun. They were Vought pursuit planes, the planes of the fleet. Eight of the aircraft's squadrons of De Havillands operated with the dreadnaughts and by radio, warned the fleet gunners of the enemy's approach.

As the first division of hostile craft came out of the southern haze, the sun flashing on their silver wings, the fleet gunners opened fire. Only small caliber or "ping-pong" charges were used and the sound resembled the rattle of

Air Squadron "Captures" Harbor

The body of a man killed by a Pacific Electric car inbound from San Pedro at Iona Station early yesterday morning, was identified last night as that of D. C. Necha, 74 San Pedro street. An inquest has been set for this morning at the Hill & Hill undertaking rooms, 134 Rosalia avenue. According to witnesses, Mr. Necha was alighted from one car, and stepped on the track in front of a car coming in the opposite direction. Death was instantaneous. He leaves his widow.

MAN AND TWO WOMEN SUCCUMB TO NOXIOUS VAPORS FROM VENILESS WATER HEATER

Victims of the stealthy accumulation of carbon monoxide gas, two women and a man were found dead yesterday afternoon at 122 East Fifty-third street. The persons who succumbed to the deadly agency are:

Mrs. May Northey, 36 years of age.
Mrs. Beale Lee, 37 years of age.
Joseph Picraux, 51 years of age, 1111 South New Hampshire avenue.

The lifeless forms were found by Fred Hulmes, a roomer at the Fifty-third street address, and close friend of Mrs. Northey, who is separated from her husband, Arthur Northey.

He told police that he left the house at 9 a. m., telling Mrs. Northey, Mrs. Lee and Mr. Picraux that he would return during the afternoon. Mr. Picraux, a friend of the occupants, had come in for a visit, it was said.

Mr. Hulmes discovered Mrs. Lee and Mr. Picraux slumped over on aavenport in the dining room. Mrs. Northey was lying on a bed in an adjoining room. The folding doors between the two rooms

GAS FUMES KILL THREE

Man and Two Women Succumb to Noxious Vapors
From Veniless Water Heater

Unless you ask for your bread by name you cannot blame your grocer if he sends you a loaf that doesn't suit you.

There are many grades of bread in every store. The grocer has to carry several kinds because he is a public servant, supplying various grades and varieties of all foods.

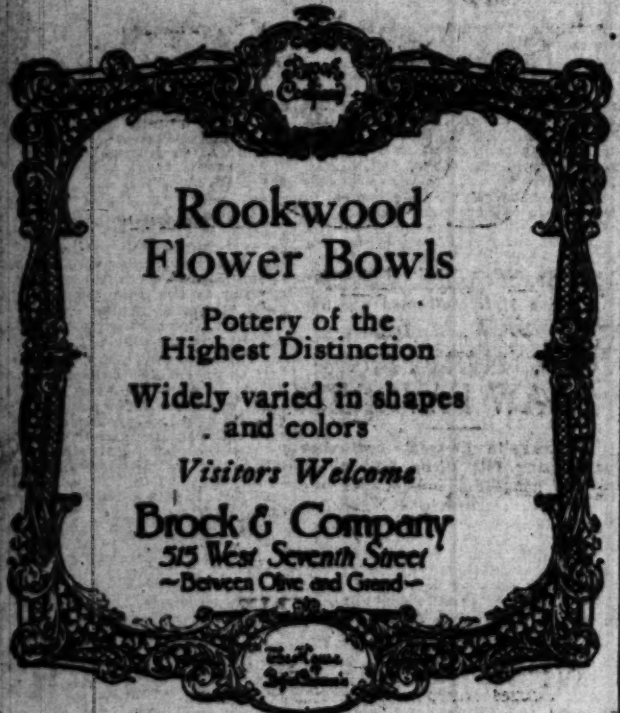

Naturally, he wants you to specify the kind you like, but if you don't, how is he to know what grade you desire?

You may easily be cheated, if you order your bread carelessly. HOLSUM Bread has a big responsibility to discharge every day. It has a reputation to live up to, both for itself and its makers.

HOLSUM is high food value bread, containing all the elements of nutrition. It is wholesome, pure and satisfying.

Get it today. Order it every day. Don't say "bread"—say "HOLSUM"—for there's a difference in bread!

PETITION RULE IS SUSTAINED

No Names to be Filed After Time Limit Expires

Hollywood Hospital Wins in Zoning Dispute

City Attorney Has Upheld Clerk in Decision

Sustaining the ruling of City Clerk Dominguez, Asst. City Atty. Whitehead yesterday made public the finding of the City Attorney's office that once a referendum petition had been filed, and the time limit fixed by the City Charter had expired, no supplemental list of names could be filed in an effort to make the petition sufficient.

The case in point was a petition filed just before noon on Saturday, January 27, the last day for filing, asking for a referendum to the people on an ordinance enacted by the City Council over the vote of Mayor Cress changing the zoning laws to permit the Hollywood Hospital Company to use its entire lot at Vermont and Fountain avenues for a \$100,000 hospital.

On Monday, January 29, I. W. Camp, who had charge of the circulation of the petition, desired to file additional names. Those the City Clerk declined to accept, on the ground that the time limit set by the charter expired at noon on Saturday, January 27. This ruling was upheld by the City Attorney.

NOT ENOUGH NAMES

Upon checking it was found that the petition contained but 2300 names of registered voters, and the law called for 10,578 names, or 10 per cent of the registered voters, in order that the petition would be deemed sufficient and the ordinance laid before the people.

The ordinance, therefore, stands as legal, and the hospital company, so far as the city government is concerned, may proceed to use the entire lot for its hospital buildings.

Officers of the company said that the building permit had been secured and the contract let, and that construction would start at once.

Property owners in the neighborhood who signed the referendum petition were opposed to the hospital being built at that location.

CHANGED JURY LAW INDORSED

(Continued from First Page)

enact the desired measures at the conclusion of the present recess.

The resolution of the Board of Supervisors, which was offered by Supervisor Wright, read:

"Whereas, an unparalleled condition of lawlessness and crime exists throughout the State of California, and

"Whereas, a body of citizens of Los Angeles county, acting in cooperation with like bodies throughout the State of California have formed themselves together into an organization known as the Los Angeles Crime Commission, and

"Whereas, said commission has drafted certain legislation which would insure the certain and speedy punishment of crime, and

"Whereas, said legislation is pending before the Legislature of the State of California, now therefor.

"Resolved, by the Board of Supervisors of Los Angeles county, that this board heartily commends and indorses said legislation and respectfully urges the members of the Legislature from Los Angeles county to do everything in their power to secure the enactment of such legislation, and be it further

"Resolved, that the clerk of the Board of Supervisors be instructed to send a copy of this resolution to each of the Assemblymen and Senators from Los Angeles county."

THREE KILLED BY GAS FUMES

(Continued from First Page)

the relationship of the people involved, induced the investigating officers to seek evidence of some poison other than that mentioned in the possibility that the deaths had a secret of some sort.

Chief Deputy Coroner William MacDonnell ordered an autopsy, and County Autopsy Surgeon Wagner made preparations to conduct a chemical analysis at the Booth Boyden Undertaking Company, where the bodies were sent. This measure proved unnecessary, however.

DAUGHTER SUMMONED
Mrs. Northey's daughter, Mrs. C. E. Forster, 1847 Kopper avenue, she faintly when she entered the room in which her mother lay.

Another daughter, 17 years of age, was at school when the tragedy took place.

Mr. Pieraux is in the transfer business. His wife, with remarkable self-possession in the face of her bereavement, told Detective Forrant that she, her husband, Mrs. Lee and Mrs. Northey were exceptionally close friends and frequently visited one another.

Mrs. Lee was a widow of two years standing, and a demonstrator of vacuum cleaners. She roomed at the Pieraux home until two weeks ago when she moved to Mrs. Northey's home. She has two children, Mrs. Gordon West and Carl Seelander, both of Los Angeles.

Mrs. Northey moved to 123 West Fifty-third street just three weeks ago.

The autopsy disclosed without question that the deaths were due to carbon monoxide poisoning.

WEDDED BLISS SHORT LIVED FOR SAILOR

The lass who loved a sailor yesterday obtained a decree of divorce from him, April dreams it appears, having brought winter disillusionment.

Mrs. Sammie Lombard eloped to Santa Ana with Jack Lombard, a sailor, on April 21, 1921. She was 16 years of age at the time.

The girl's mother testified in Judge Sumnerheld's department of the Superior Court that Sammie had left home and been wedded without parental knowledge or consent.

NEW CITY BUS LINE IS SOUGHT

(Continued from First Page)

defined as the Temple Block for the Los Angeles Railway, and either the fifth-and-main-street station or Hill-street station for the Pacific Electric Railway. The same arrangement applies in the opposite direction.

If the application is granted by the Board of Public Utilities, it will provide a cross-town service for the western district of Los Angeles, which has been urged by these dis-

Under the present arrangement, a passenger living on Washington street or Sixteenth street is required to pass through the business district of Los Angeles and use a Pacific Electric car into the Hollywood district, which has meant a loss of time, and it is claimed has been a detriment to the entire western district of Los Angeles. The installation of this bus line will correct this condition.

BUSKS TO BE COSTLY
It is proposed by the Los Angeles Motor Bus Company (which is nothing more nor less than the Los Angeles Railway) to place in this service the very highest type of motor bus, which will cost \$1000, and each bus will cost near \$1000.

Officials of the railways have advised the Board of Public Utilities that they will install a similar service on Vermont avenue between Los Feliz Boulevard and Third street, if it is desired by the city.

The application was signed by George Kuhn, vice-president and general manager of the Los Angeles Railway Company, and D. W. Foster, president of the Pacific Electric Railway Company.

Later in the day, the board announced that a hearing on the application would be held at 2 p.m. on the 8th inst. On the 13th inst., at 3 p.m., the board will hear the application of the Los Angeles Railway regarding any improvements or additions to their service.

At a date to be announced later, the board will hear the organizers of the project, who have an application before the board.

BATTLE FLEET "DEMOLISHED"

(Continued from First Page)

musketry on the battlefield as the smoke enveloped the ships.

Lieut. Commander R. A. Burg commanded the enemy fleet and it was a well-timed attack. One division of the torpedo planes swept in from the south and launched torpedoes at the dreadnaughts; the other flew in from an unexpected angle to drop bombs on their decks; while directly above the swift observation and pursuit planes watched their opportunities to drop in on the action.

Squadron reviewed Yesterday's maneuvers were the greatest ever carried out in the air by the battle fleet and were the last exercises of the fleet before it departs for Panama next Thursday morning.

Capt. Albert W. Marshall, commanding the air squadron, and his chief of staff, Commander F. N. L. Bellinger, flew up from San Diego during the morning in seaplanes P80-4 and watched the maneuvers from the deck of the California.

The thirty-six planes made a spectacular showing in the review of the battle fleet, and the down man-o-war row in perfect squadron formations, their fuselages flashing in the evening sun.

The maneuvers were a low over the California and doubled nearly back to the southward for home.

WINS DAMAGE SUIT

Plaintiff Given \$700; Was Hit by Defendant's Truck

Damages in the sum of \$700 were awarded yesterday by Judge Clark in Superior Court to Edward S. Kelly for injuries he sustained when struck by an automobile driven by a delivery boy employed by Charles Erb. The judgment was rendered against Erb, although he asserted he was in no way responsible for the accident. Kelly was struck while crossing Seventh street.

FIVE MILLIONS TO INSTITUTE

(Continued from First Page)

be made to the institute will enable the members of the Los Angeles Fire Department to increase by \$1000 yesterday, when C. H. Barker, president of the firm of Barker Brothers, handed to Chief Scott a check for that amount to express his appreciation of the good work done by the fire fighters on January 17, when flames damaged that company's warehouse at the intersection of Palmetto and Main streets.

"By their quick response the men under your command confined the flames to one floor," Mr. Barker told Chief Scott, "and the loss, although heavy, was small compared to what it would have been had the fire spread."

The check for \$1000 is double any other amount ever donated to the fund, Chief Scott explained in accepting Barker brothers' donation.

"Our sole aim is to protect life and property," he asserted, "and the lives of our boys have been lost in the performance of their duty and it is distressing that no fund is provided by the city by which their widows and orphans may be cared for."

"At present, he asserted later, we have about \$10,000 in a fund which is added to from time to time by subscriptions such as this, but we have eighteen widows with their children, for whom we must provide."

"Therefore, he resolved that, as the Board of Trustees of said institute, he was appealing the fire-teaching and educational aids to the present generation and to generations to come, of the scientific discoveries that would be made possible by his generous endowment; and appreciating the distinction and altruistic spirit in which the donation is made, do hereby extend to him the thanks and the grateful appreciation, not only of the fire fighters connected with the institute, but of the community in which he will live through the aid of the project, which he has so generously returned to the institute."

LEWIS AGAIN IN PALO VERDES

(Continued from First Page)

It has so far declined to comment upon the situation, but Mr. Lewis said in his address yesterday that the "Vanderbilt interest" were behind the new trust company and that every one who has the right to the project under its new management.

Color is given this statement by the announcement of Mr. Lewis, president of the Commonwealth Trust Company. Mr. Lewis is said to be Mr. Vanderbilt's Los Angeles business representative. Other members of the initial board are E. W. Haden of James B. Colgate & Co., New York; Harry Lee, Martin, vice-president; and general manager of the Mortgage Guaranty Company of Los Angeles; George A. Rogers, president of the United Rock Company, Los Angeles; John H. Coverly, general manager of the project; J. D. Finley, capitalist; and H. H. Benedict, another personal representative of Mr. Vanderbilt.

The new trust company was organized in recent times, and according to the Lewis interest was the last official act of retiring State Superintendent Jonathan S. Dodge. "They tried to pull me out," cried Lewis, "but they have only succeeded in bringing to this city the most great financial institution, backed by unlimited capital."

There was an obvious attempt on the part of the speaker to instill into the minds of his hearers a sentiment antagonistic to the original trust company, and his every word picture of the hostilities of the future Palo Verdes was greeted with applause.

Admission to last night's meeting was by invitation and was restricted to subscribers. Tonight another 2000 have been invited and the same ground will be covered.

The meeting was preceded by an organ recital, and at the back of the stage appeared a large selection of the most recent Lewis and smaller maps were ready for mailing.

No permanent home for the new trust company has been selected, but an announcement made yesterday, because of a threatened outbreak of influenza among the inmates, this is one of the days on which visitors are permitted, but decision to ban them was made on advice from the prison surgeon.

INFLUENZA HALTS VISITORS TO JAIL

No visitors will be permitted at the County Jail today, according to an announcement made yesterday, because of a threatened outbreak of influenza among the inmates. This is one of the days on which visitors are permitted, but decision to ban them was made on advice from the prison surgeon.

LICKLEY FIGHT GOING TO COURT

(Continued from First Page)

of El Monte was still ill and unable to attend the hearing.

As the attorney passed through the door, Mr. Koppel began to speak in an unemotional tone.

"As I was saying," he continued, "going to Mrs. Koppel's office, I will adjourn until she is able to attend meetings. I think we can go on with our regular board business in spite of the discouraging and ungentlemanly remarks of the attorney."

At this point, Walter Haas, attorney for John R. Doyle, who filed the charges against Lickley, arose and said:

"If I might suggest it, do not let your jurisdiction die. You should adjourn until February 17, when you can again go into this matter."

WHAT ARMED AT KEPPLE
The meeting then came to an end.

The writ enjoining the board from proceeding further with the trial was issued by Presiding Judge Clegg of the Superior Court, shortly before the board reconvened. Judge Clegg said the case for hearing before Judge Keach on the 15th inst.

The writ is aimed at Mr. Koppel, J. N. Lacy and Arthur C. Brown, three members of the board. It recites that the board is prejudiced and not qualified to give a fair decision. It asserts further that the charges are vague and uncertain and that Mr. Koppel is unduly prejudiced against Lickley.

The educator under fire is charged with conduct unbecoming a school official, with encouraging two school superintendents and seeking to undermine a third and with slandering prominent men and women of the city.

The hearing opened Saturday but was stopped when Dr. Lickley left the room after hotly attacking members of the board. The meeting was held in the office of the board on the seventh floor of the Hall of Records.

COURT IS ANNOUNCED
Judge Parker in the Superior Court yesterday adjourned his court to attend the funeral of his aunt, Mrs. Katherine Marsden, who died Friday at her home, 773 East Fifty-second place.

HE DARKENED HIS GRAY HAIR

Tells How He Did It

Mr. J. A. McCrea, a well-known resident of California, who was called Daddy and Grandpa on account of his white hair, and who darkened it with a home-made mixture, recently made the following statement:

"Anyone can prepare a simple mixture at home that will darken gray hair, and make it soft and glossy. To a half-pint of water add 1 ounce of bay rum, a small box of Barba Compound and 1.4 ounce of glycerine.

These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. It does not color the scalp, is not sticky or greasy, and does not rub off."

It is your privilege—

to enjoy, as thousands of others are doing—nothing less than the playing of the greatest artists in the world, on your own piano—just as they heard on the concert stage—just as they were playing your piano private—for you. The

AMPICO

is the marvelous invention that accomplishes this.

For here is an instrument that will add an added joy to life—something, the value of which you cannot realize—if you have opened your heart to the spell of music.

The Wonder of the Ampico Comes Be Described—It Must Be Heard

The Ampico comes in but few places, we recommend it in the Chickering, Fisher and in the Marshall and Wendell.

Children Again Hear Music They Like Best

When a radio listener turns the dial on his receiver and tunes in the voice of a singer that has come to him innumerable times—always with a message of cheer and charming harmony—it is comparable to a visit with an old friend.

Continuing members of the radio family found full exemplification of this simile last night when the voice of Evelyn Lane, transferred from the electro-magnetic waves by KFI to be picked up by thousands of antennae throughout the city, was to be turned back into vocal form by the receiving instrument, came to them clearly.

It was a concert bill arranged through the courtesy of Miss Lane, who ranks high among associates in the Southland, and whose name has been heard rather generally in concert tours throughout the Western States.

Miss Lane, with the Filigree Play in Hollywood last summer in its longest engagement, has made a number of phonograph records, appeared before the local clubs and has earned an enviable reputation in the musical world. Accompanied by another of California's favorites, Cora Altman, whose ability as a pianist is unquestioned, Miss Lane gave the voice of expression to "Vol to Be," "O Mamma" from "Cavalleria Rusticana," by Mascagni; "O Love, Be Faithful," by Ronald, to which Charles Matthews gave a beautiful solo obbligato, and "The Barefoot Girl."

GROUP OF PIANO SOLOS
Cora Altman, whose charming piano solos have won her many admirers in radio, as well as among those before whom she has played personally, in addition to accompanying Miss Lane last night, presented a group of piano solos which included "Romance in F Major," by Schumann; "Chromatic Scale," by Fanny Hildesheim; and "Juba Dance," by Nacchato.

Miss Lane, Miss Altman giving an excellent rendition of the theme of the last number, which was written by a Negro composer.

Charles Matthews, whose "cello" instrumental rendition of the melody of his teacher, Frank Altman, gave a fine expression to "The Minor Concerto," by Goldmann, and "To a Wild Rose," by MacDonald. She was accompanied by Minnie B. Jantzen.

Mrs. Chibere, violinist, has accompanied a rapid bringing her to the forefront among Southland artists. Last night, to the accompaniment of Minnie B. Jantzen, Miss Chibere presented "The Minor Concerto," by Goldmann, and "To a Wild Rose," by MacDonald.

...Vascha's picture in the paper
place as if she might have come here to
a career in filmland. It seems, in-
stead, that she has come here to lecture
at American women's clubs.
And it really seems that she may have
a bit to tell our ladies. For one
thing, she has left the five children with
her mother, she steps out in this quest
for a career, and there may be quite a
number of American mothers who are wor-
ried around the age of 41 who would
like to know just how she managed it. At
least it bluish it doesn't seem in line with
the conceived ideas of the comparative free-
dom of women here and in the Far East.
Some of them are likely to want to see
both continents.

There appears to be quite a lot in a name, for instance that of Delos Duty, the State senator of the Florida (III.) murderers.

We are assured by film authorities that Will Hays is neither a czar nor a tyrant. He is neither autocrat nor diplomat in politics and in the nation's postal service he achieved his reputation as a practical organizer with an uncanny understanding of the popular pulse. He is a mixture of Daniel and Joseph and represents them both in his relations to the public of the screen. But for his accomplishments in politics and the public service, the movie magnate would never have attained the top job and was it Will Hays who was on a desert island inside of twenty years ago? He has had to be a man of action for constructive work instead of being only other men's work.

—A Series of Three Statements
By LOS ANGELES TIMES

When Collier's Weekly showed that many of Hearst's European representatives were fictitious characters, and when the Associated Press obtained an injunction preventing Hearst's news organization from stealing Associated Press news, the same kind of trickery was disclosed that the LOS ANGELES TIMES has brought to light, year after year, in connection with the advertising and circulation claims of the local Hearst publications.

These three full-page statements which THE TIMES has published controvert and expose the grossly deceptive claims now being made by the Los Angeles Examiner and the Evening Herald. The irrefutable facts are (1) THE TIMES exceeded every other local newspaper in every class of advertising during 1922; (2) THE TIMES printed more advertising than any other newspaper in the world for two consecutive years; and (3) THE TIMES not only led The Examiner during 1922 by 7,354,494 agate lines but that THE TIMES' lead was more than 100% greater than it was five years ago.

Catch Maniac Who Escaped From Asylum

After escaping from the Newark State Asylum for the insane and wandering about for two days, Albert Mockwitz, dangerous homicidal maniac, was captured last night at Whittier and returned to the asylum.

Last July Mockwitz killed his father-in-law, Thomas Stansberry, by striking the aged man over the head with a chair. He was arrested, confined in the psychiatric ward of the County Hospital, and later committed to Newark.

He was picked up in Whittier last night after having wandered about since his escape, and brought back to the asylum by Deputy Sheriffs Conley, McNelly and Harrington.

UTILITIES BOARD IS REORGANIZED

President Leads Opposed to Kennedy-Bogardus Plan

Majority Members Change Old Forms of Procedure

Motorbus Franchise Matter Comes Up Soon

Complete reorganization of the city public utilities department was started yesterday afternoon at the City Hall, when Commissioners Kennedy and Bogardus, as majority members of the Board of Public Utilities, voted for the adoption of thirty new rules and regulations for the department. President Leeds voting "No" and declaring that, in his opinion, the rules were merely a restatement of the old rules, and that they would have the effect of disrupting the department and all of the work it has done toward improving transportation conditions in Los Angeles.

The rules were prepared and presented by Commissioner Kennedy, who said their purpose was to place the department on a "business-like basis." Heretofore, the board has sat as a whole in informal meetings and, as the result of information supplied by its engineering department, acted on matters coming before it. Under the new rules, the various activities of the department are placed in the hands of standing committees.

NEW ARRANGEMENT

Commissioner Bogardus, the new member, is given the transportation committee, Commissioner Kennedy the telephone committee, President Leeds the gas and electric service committee. President Leeds objected to this new organization, saying:

"I serve notice that I will not serve on any of these committees. I am ready at all times to work and work hard on all public utility matters, but they should be heard by the board as a whole. I note that Mr. Bogardus, the new member, and a man who is not familiar with the transportation situation in all parts of the city is made chairman of the transportation committee. This committee scheme is not the right way to do public business. The majority commissioners have placed in the hands of the committees of the whole the motorbus franchise which have been pending here for a long time and which should have been heard by the board at a final hearing set for January 14. That hearing was indefinitely postponed."

NO SMOKING RULE

One of the new rules is that there shall be no smoking during sessions of the board. As the result of President Leeds' demand for action on the pending bus line applications, the board agreed to hold a series of hearings at once, possibly beginning this week, at which time the board, as a committee of the whole will take up the various motorbus line applications—the Pacific Electric to be given one afternoon to present arguments on behalf of its application, the Los Angeles Railway to be given another afternoon, the McCulloch interests another afternoon until all of the applicants have been heard.

MUSICIAN AND WIFE DIVORCED

Mrs. Vecsei, Née Nina Jones, Granted Decree, Say Reports

That a separation has occurred between Mr. and Mrs. Desiderio Joseph Vecsei, nee Nina Jones, daughter of Mr. and Mrs. Milo M. Potter, and an interlocutory decree of divorce has been entered in favor of Mrs. Vecsei, was formally announced by Mr. and Mrs. Potter from their Montecito home last night to set at rest inquiries and rumors.

Vecsei, a Hungarian musician, deeply in sympathy with America during the war, fled his own country and sought asylum in the United States. His parents, about an Atlantic liner becoming known to fellow-passenger relatives of the late C. L. Roosevelt, former President, they were welcomed by the State Department and stood sponsor for him, thereby preventing his interest on arriving at New York.

His marriage with Miss Jones, daughter of Mr. and Mrs. Jones, was a social event in Montecito some three or four years ago. Soon after the nuptials they separated by mutual consent. It was explained, each recognizing neither was temperamentally fitted for the other.

For many months Mrs. Vecsei, following her literary career, and the musician crossed the sea, and has for many months been making his home in Paris. Grounds for the divorce proceedings filed at Santa Barbara contain no sensational charges, being merely a declaration.

Catch Maniac Who Escaped From Asylum

After escaping from the Newark State Asylum for the insane and wandering about for two days, Albert Mockwitz, dangerous homicidal maniac, was captured last night at Whittier and returned to the asylum.

Last July Mockwitz killed his father-in-law, Thomas Stansberry, by striking the aged man over the head with a chair. He was arrested, confined in the psychiatric ward of the County Hospital, and later committed to Newark.

He was picked up in Whittier last night after having wandered about since his escape, and brought back to the asylum by Deputy Sheriffs Conley, McNelly and Harrington.

GIRL SAYS HER FIANCE JILTED HER

Declares She Was Victim of Man Who Got Her to Aid Him

Story of alleged duplicity and desertion at the altar was revealed yesterday in Justice Wood's court, when Edward F. Willis was held to answer on a charge of embezzlement preferred by Josephine Patton, who accuses him of having embezzled \$1800 from her. She was fixed at \$10,000.

According to testimony at the hearing, Miss Patton, who was a stenographer in a San Bernardino attorney's office, met Willis a year ago at the Grand Show. Posing as an automobile salesman, she said he told her he was heir to a large estate in the East. But the fortune was a probate, and he needed money for attorney's fees, the story ran, according to Miss Patton. Could she lend him some money? Numerous valuable diamonds in pawn would stand as security.

Miss Patton declared she loaned Willis approximately \$1800. About a month ago they became engaged, and then she planned to slip down to Santa Ana and then spend the honeymoon at Long Beach, she said. They came to Los Angeles, and she asked him to raise \$1200, declaring he was in urgent need of that sum. She was able to raise only \$665. On January 15 last, she said, Willis took \$275, ostensibly for his attorney's fees, and the following day he received \$590.

Then, it is asserted, he departed for San Francisco, leaving with a friend a series of letters to be mailed from Long Beach to Miss Patton. The letters introduced as evidence, were numbered.

After hearing Miss Patton's story, Justice Wood held Willis to answer. Dep. Dist. Atty. Kline was in charge of the prosecution.

BOARD BUYS NEW JUNIOR HIGH TRACT

Plans for Wilshire School Are Prepared and in Hands of Inspectors

A twelve-and-a-quarter acre site for the new Wilshire Junior High School, at Wilshire Boulevard and McCadden street, was purchased by the Board of Education yesterday for \$90,000, exclusive of improvements on the place. W. E. Record, business manager of the board, stated last night.

Plans for the new school, which are similar to those of the Le Conte Junior High School, were prepared by architect employed by the board and are now in the hands of the building inspection department for approval. The building will cost approximately \$400,000 and will be completed by Feb. 1, 1924. Contracts for four new elementary school buildings were awarded by the board last night. A \$30,000 school to be named the West Athens Street School is to be built in the "Athens on the Hill" district by H. J. Kemper, contractor. Another \$100,000 school will be erected on the Humphreys Avenue School site in Belvedere Gardens by the Burck Construction Company.

Day 2 of the new school, which are similar to those of the Le Conte Junior High School, were prepared by architect employed by the board and are now in the hands of the building inspection department for approval. The building will cost approximately \$400,000 and will be completed by Feb. 1, 1924.

President of Cornell Here for Brief Stay

Dr. Livingston Farrand, president of Cornell University, who will arrive in Los Angeles tomorrow morning, will be entertained at a reception and tea at 2:30 p.m. at the University Club. The hostesses will be women Cornell graduates now resident in Southern California.

Dr. Farrand is making a trip across the continent for the purpose of meeting Cornell alumni. He has already visited Chicago, Denver and Salt Lake City, and will leave Thursday for San Francisco, Seattle and Portland, returning via a northern route. A luncheon will be tendered by the University Club in Dr. Farrand's honor tomorrow.

Henry M. Robinson, president of the First National Bank of Los Angeles, and president of the Trust and Savings Bank, and president of the Cornhill Club of Southern California, will entertain Dr. Farrand at his Pasadena home Wednesday night.

JOE JACKSON MADE WAMPAS PRESIDENT

Joseph Jackson, publicity representative of the Goldwyn studios, is the newly-elected president of the Western Motion Picture Advertisers, familiarly known as the "Wampas." The election took place last night.

Harry Wilson was elected vice-president, Howard Strickling, secretary, and Pat Dowling, treasurer. The entertainment proved to be extremely popular. Warner Baxter and Walter Hiers, cinema stars, appeared on the program, as did John Hoyer, leader of the Grauman Hollywood Theater orchestra.

ROBBERY CHARGE IS DISMISSED BY COURT

Lack of evidence caused dismissal yesterday of a charge against J. E. Atkinson, Mrs. Jennie De Martini, manager of a bakery at 125 West Fifth street, was held up last January 27 as she was about to close the shop, and the cash register on the program, as did John Hoyer, leader of the Grauman Hollywood Theater orchestra.

EVANGELIST WILL BUILD NEW TEMPLE

Aimee Semple McPherson Plans Soul and Bodily Aid in Plaza District

Aimee Semple McPherson, evangelist, pastor of Angelus Temple, is laying plans for the building of a mission somewhere in the neighborhood of the Plaza adjoining Chinatown, she announced last night. She hopes the proposed mission, when concretely realized, will solve the problem presented by the local business men who recently demanded that the City Council abolish the public forums that have grown up along Los Angeles streets.

She says: "The abolishing of the public forums on Los Angeles street may be all right from a sanitarian point of view, but all the man beings need to express what is pent up within them. Most especially these poor devils."

"Many of them are devoted to religious discussion. Broken and bludgeoned souls sometimes take solace from what some fervent speakers utter, and are encouraged to keep trying."

"I plan to establish a mission where men will first hear the Gospel of Jesus, and afterward will be given soup, sandwiches, and coffee. And, if possible, a bed."

"I'm going to have got my business men friends who are employers give as many of these devils as possible. Jobs both permanent and temporary. We'll have a regular employment bureau—and no fees. The men who are going to register, and list the kind of work they can do; and the business men will keep us posted as to jobs open. We'll obtain; and the business men will be able to comply with Jesus' admonition that 'Man shall love his neighbor.'"

Mrs. McPherson expects to announce a location and building plans in the near future.

WIFE SUES AFTER BOY IS NAMED

Declares Husband Gave Time to Other Woman; Cites Whipping

The crowning insult Louis Y. Teames offered to his wife, Gladys G. Teames, came, Mrs. Teames asserted yesterday in a suit for divorce filed in Superior Court, when he insisted that their baby Francis, Mrs. Teames asserts he spent most of his spare time in the company of Mrs. Frances Hamilton in Inglewood, and her feelings at her husband's choice of names are doubtless only partially described in the divorce complaint.

Teames spent Tuesday, Thursday and Saturday afternoon all day Sunday with Mrs. Hamilton, the complaint declares. He told Mrs. Teames he loved the other woman, she avers, and that Mrs. Hamilton was one of the "400 of California."

Another objection Mrs. Teames had to her husband was that he beat her son, by a former marriage, 5 years of age with a raw hide whip, according to her charges, and she said he told her he "would kill the beat" if he felt like it.

The couple were married in 1917 and separated last August.

Burial Service Wednesday for Pioneer Citizen

Funeral services for R. F. Skellenger, resident of Los Angeles for thirty years, who died Sunday in Oakland, after a long illness, will be conducted at 2 p.m. Wednesday from the home of his widow's sister, Mrs. Frank Starkweather, 119 Kempton avenue, Oakland.

While in this city, Mr. Skellenger was connected with the Heywood-Wakefield Company. For eighteen years he was the manager of its local branch, resigning a year and a half ago when a serious illness forced him to retirement from an active business life.

He was well known in church and club circles here, being an active member of the First Congregational Church as long as his health would permit, a director of the Y.M.C.A. at one time and a member of the Los Angeles Athletic Club.

Besides his widow, Mr. Skellenger leaves one brother, W. H. Skellenger of San Francisco, and two sisters, Mrs. N. W. Crane of Los Angeles and Mrs. J. B. Beardsley of Pasadena.

SEEK MISSING WOMAN

A mother's death in England has caused a search to be instituted in this city for Mrs. William McDermott, the daughter, who is believed to have come here several years ago from Galveston, Tex. Numerous queries by Mrs. McDermott's sister have as yet elicited no trace of the missing woman.

WEDNESDAY MORNING

HARDING TO VISIT WEST IN SUMMER

(EXCLUSIVE DISPATCH)
WASHINGTON, Feb. 6.—President Harding and the yacht Mayflower, if tentative plans being made today are carried out, are in for a long trip next summer.

It has been learned that if all goes well, the President intends to board the Mayflower at the dock of the navy yard in Washington and journey down the coast, across the Caribbean to Panama, thence through the canal to the Pacific Ocean and on up the coast of Alaska. It will be the first extended journey of Mr. Harding since he became President.

Unless the British-dub question comes other question of international moment shall rear its interlocking head, the President will take a full stop, the chances there will be no extra session of Congress and the President can carry out the wish expressed some months ago that he might visit "land of suspicion," the name which possibly unscrupulous Americans have given to the Northwest Territory.

MRS. HARDING BETTER
Mrs. Harding has improved greatly in health and plans to accompany her husband on the long trip to Alaska. The President's wife is said to be a good sailor and therefore one who would enjoy the water.

Washington would like to know the name of one man who is to be one of the President's traveling companions on the trip—the name of the Secretary of the Interior-to-be. Perhaps the name may be disclosed tomorrow, as the President's wife has been the troublemaker in the family.

It is thought Secretary of the Navy will visit Alaska, and the President's wife will accompany him. The President's wife is said to be a good sailor and therefore one who would enjoy the water.

Washington would like to know the name of one man who is to be one of the President's traveling companions on the trip—the name of the Secretary of the Interior-to-be. Perhaps the name may be disclosed tomorrow, as the President's wife has been the troublemaker in the family.

It is thought Secretary of the Navy will visit Alaska, and the President's wife will accompany him. The President's wife is said to be a good sailor and therefore one who would enjoy the water.

RUHR RAIL STR

Resistance of Germans Increasing; Cellar Cuno; French C

(BY CABLE AND ASSOCIATED PRESS)
DUESSELDORF, Feb. 6.—Gen. Weizsäcker, Minister of Public Works, arrived here today. They found the situation created by the railroad strike. Efforts were directed to improve the situation and to operate a 20 per cent passenger schedule. It is estimated that every railroad yard in France will send a certain "pop" with the German flag. Gude's Paper has it—Baptist.

NEW MARKS FELT
The efforts of the "commission for the defense of the Ruhr," formed by the Chamberlain Cuno's direction, to be seriously felt, were reported over by a time magazine, who, however, was reported from Dueseldorf. The German abandoned men re-appeared. They are well known. They are well known. They are well known.

ENJOY THE COLD
REMEMBER, when you are cold, how you feel when you are cold. You are cold. You are cold. You are cold.
